

Waipa District (Waipa Networks Network)

1 April 2026

Here are the Powershop rates for residential customers in this network area. Our rates vary depending on where you live, which pricing option you are on, how much electricity you use and how your meter is set up. Rates include government levies and GST.

Not all power companies include GST in their rates - so if you're making a comparison, you may need to add 15% to theirs!

*There is no longer a difference in pricing for this network for customers on less than or more than 8,000 kWh. The low user fixed charge (LFC) tariff is being slowly phased out in New Zealand - this is expected to be completed by 1 April 2027.

**Special rates are the rates you effectively pay if you buy your monthly Staying Power and all the monthly Specials, and you use the power we estimate you'll use in a month. This doesn't include the savings you can get from buying Future Packs, Value packs or EV powerpacks, and they're shown using the standard 20% Staying Power discount (not any additional loyalty discounts).

***Standard Power is the standard rate you are charged for your power if you are on our Powershop Classic option and don't buy Special Packs. Special Packs are discounted off Standard Power rates.

Rates shown are correct and current as at 1 April 2026, but will change over time.

Any rounding has been applied to above calculations for display purposes only.
