Cross-Reference: Violations → Statutory Clauses

DPDPA 2023					
Clause	Title	Description	Count	Severity	Max Penalty
DPDPA Rule 6	DPDPA Rule 6		3	CRITICAL	—
DPDPA §9	DPDPA §9		1	CRITICAL	—
N/A	N/A		13	MEDIUM	—

Enforcement Timeline		
Regulation	Enforcement Date	Status
DPDPA 2023	Rules: Nov 13 2026 · Hard enforcement: May 2027	ACTIVE
RBI FREE-AI	Circular effective — ongoing supervisory inspection	ACTIVE
SEBI AI/ML	Circular effective — bi-annual reporting required	ACTIVE
EU AI Act Art.9– 15	August 2, 2026 (high-risk systems)	IMMINENT

Findings by File

src\meridian\ast_parser.py

3 violation(s)

CRITICAL

DPDPA Rule 6 · Line 41

DPDPA 2023 Confidence: 60%

FINDING

No encryption in transit (TLS) for personal data

Remediation: Implement TLS encryption for data in transit

CRITICAL

DPDPA §9 · Line 280

DPDPA 2023 Confidence: 80%

FINDING

Email field without verifiable parental consent for children

Remediation: Implement parental consent mechanism

HIGH

DPDPA Rule 6 · Line 47

DPDPA 2023 Confidence: 70%

FINDING

No multi-factor authentication for personal data systems

Remediation: Implement multi-factor authentication for personal data systems

src\meridian\cache.py

1 violation(s)

HIGH

DPDPA Rule 6 · Line 11

DPDPA 2023 Confidence: 70%

FINDING

No multi-factor authentication for personal data systems

Remediation: Implement multi-factor authentication

AUDIT RECORD DETAILS

Record ID	#4
	meridian-mcp
Scanned At	2026-06-10T08:10:45.496579+00:00
	201e23301f9fb8fccae71ccb8ce7840483845b1feec6e2c1db6521ab708079c2
Current Hash	38cb2cf093199e3dfd668efbb940fdf6dbfc9abe02b7f246985ef729173a3cfa

How to Verify This Report

- 1. Install Meridian: `pip install meridian-mcp`
- 2. Verify the chain: `meridian ledger verify`
- 3. Regenerate PDF: `meridian report --hash 38cb2cf093199e3d ...`
- 4. The regenerated PDF must produce an identical hash to this document.

Legal Notice: This report is generated by Meridian, an automated compliance scanning tool. It does not constitute legal advice. Results should be reviewed by a qualified data protection officer or legal counsel before use in regulatory submissions. Findings below 70% confidence are indicators for manual review, not confirmed violations.
